

# TECHNICAL SPREADSHEET

## Adjustable Post Red/White - 1090019

### Applications:

Ideal for loading docks, parking, warehouse, industrial premises facilities ...

### Advantages:

Can easily be assembled or disassembled to add segments to change the standard height of 85cm. Which makes it totally adjustable.

Thanks to the fixing (included) it may allow a **permanent** signage or a **temporary** one with the fillable base.

### Remarks:

This bordering and signage solution is a **NOVAP innovation**.

The base and the 1<sup>st</sup> segment are screwed together. Attachments included. Bar to settle and unsettle the segments included. Available in set (2 pieces) and in many different colors.

### Available options:

- Support bracket for sign
- Support for flashing light
- Individual segment
